- (ii) Every shareholder wishing to participate in the DRP will need to apply directly to Katana Capital share registry.
- (iii) The DRP will involve the transfer to participating shareholders of existing Katana Capital shares to the value of a shareholder’s total dividend entitlement. These shares will be acquired on-market for the purposes of the DRP by a nominated broker, at a price per share up to a maximum price determined by the board, which will be set at a specified discount to Katana’s NTA per share.
- (iv) To the extent sufficient shares to meet shareholders’ entitlements under the DRP cannot be purchased at a price less than the specified maximum price per share, Katana Capital will issue additional new shares to participating shareholders again at a specified discount to the company’s NTA per share.

The intent of the DRP is that the buying of shares on-market at a discount to Katana's NTA will facilitate additional liquidity in the shares of the company. Details and instructions for participation in the DRP are noted in Annexure A.
